

UN VOLUNTEER DESCRIPTION OF ASSIGNMENT

HNDR000082--Human Rights Officer

The United Nations Volunteers (UNV) programme is the UN organization that promotes volunteerism to support peace and development worldwide. Volunteerism can transform the pace and nature of development and it benefits both society at large and the individual volunteer. UNV contributes to peace and development by advocating for volunteerism globally, encouraging partners to integrate volunteerism into development programming, and mobilizing volunteers. In most cultures volunteerism is deeply embedded in long-established, ancient traditions of sharing and support within the communities. In this context, UN Volunteers take part in various forms of volunteerism and play a role in development and peace together with co-workers, host agencies and local communities. In all assignments, UN Volunteers promote volunteerism through their action and conduct. Engaging in volunteer activity can effectively and positively enrich their understanding of local and social realities, as well as create a bridge between themselves and the people in their host community. This will make the time they spend as UN Volunteers even more rewarding and productive.

serious and growing problem, especially in certain zones of Tegucigalpa and San Pedro Sula, and to a less degree throughout the country. Pickpockets and purse-snatchers are prevalent in major cities at tourist sites, especially in parts of Comayagua and the central market surroundings of Tegucigalpa. Visits to these areas should be avoided, especially after dark. Highway, road and street robberies, carjacking and assaults of pedestrians by armed thieves are still high. Roadblocks and demonstrations on the main highways and border countries customs offices have decreased. In the past, demonstrations have ended in street violence, requiring intervention by national police for which precaution is requested. Threats against the public transportation system by gangs have been reported in San Pedro Sula, supposedly related to Organized Crime, for which caution should be maintained at all times on the street.

Visitors are specially advised to protect against mosquitoes bites in affected areas, due to insect – borne diseases such as Malaria and Dengue Fever (both serious, potentially fatal diseases). In general mosquitoes in Honduras are most bothersome from dusk to dawn, especially in the countryside. Other infectious diseases are common such as Diarrhea, Amoebic and food. Some specific health cares must be considered especially hygienic practices avoid eating in places where cleaning is not ensured and pay special attention to the hygiene of fruits and vegetables, wash fruits and vegetables carefully if you eat them raw or peel them before eating.
